

NEWS RELEASE – April 9, 2015

CONVERGENCE TECHNOLOGY CONSULTING AWARDED ONE OF SEWP V PRIME CONTRACTS

Columbia, MD.; April 1, 2015 — Convergence Technology Consulting LLC, a leader in cybersecurity and enterprise infrastructure was awarded a prime contract in the small business category on the oldest, and one of the most respected and broadly utilized Government Wide Acquisition Contracts (GWAC). NASA's Solutions for Enterprise-Wide Procurement (SEWP) V is a multi-award IT procurement vehicle with a \$20 billion ceiling over 10 years. The primary focus of SEWP V is IT products and product related services.

"Convergence is delighted have been selected to prime one of the most well regarded GWAC/IDIQs in the federal government," states Convergence's CEO Larry Letow. "We are excited to have prime access to this terrific vehicle that allows us to work with every federal government agency, including all civilian and DoD agencies. We look forward to continuing to deliver on all the goals and objectives that NASA communicated during the proposal process."

The SEWP V contracts were awarded in a competitive source selection process. Awardees were evaluated on overall management methodologies, past performances and an ability to deliver a broad, compliant and evolving selection of technology products and services at highly competitive rates.

For more information about procurement under SEWP V, visit <https://www.sewp.nasa.gov/sewpv/>.
